SUBMISSION OF COPIES OF MISSING DOCUMENTS

Honorable Commissioner
of Patents and Trademarks
Washington, D.C. 20231

Sir:

During telephone discussions with the undersigned on December 1, 1992, the Examiner in charge of the above application indicated that the PTO files are missing the priority papers submitted on August 14, 1991. The Examiner indicated that the file wrapper for this application did reflect receipt of the papers, but that the papers have now apparently been misplaced. The Examiner requested that replacement papers be provided.

Therefore, filed herewith is a photocopy of the August 14, 1991 Claim For Priority and photocopies of the certified copies of the priority applications and the verified translations thereof. It is certified that these are correct copies of the papers as originally filed. Since the PTO's misplacement of the originals is no fault of the applicants, it is respectfully submitted that it would be grossly unfair to require applicants to go through the time and expense of obtaining new originals.

It is further noted that applicants paid the Issue Fee for this application on March 9, 1992, and that applicants have in no way been responsible for the delays in the issuance of this application. Therefore, it is requested that processing of the issuance of the application be expedited.

Respectfully submitted,

Douglas P. Mueller
